Dredge! get rid of it. at any cost.
already over 100 million has been spent and
EPA hasn't even decided on a plan! I've been
hearing about this since 1990 - some superfund
were since 1983-1994. It's been going on longer
than 2000. We need action and power against any industry
or anybody slowing process. Power to monitor.
